<b>8x8 Avenger 700</b>	<b>8x8 Avenger 750 EFI</b>
<p><b>Key Features</b></p> <ul style="list-style-type: none"> <li>➤ 26hp Kohler, liquid cooled engine.</li> <li>➤ Full length skid plate</li> <li>➤ 25" Argo Tires</li> <li>➤ Trailer Hitch</li> </ul> <p><b>New 2010 Features</b></p> <ul style="list-style-type: none"> <li>➤ New headlight bezel to reduce chance of headlight becoming dislodged</li> <li>➤ Sealed dashboard switches (headlight, bilge, fog lights...)</li> <li>➤ Tachometer function added to digital gauge pack</li> <li>➤ Drilled rim and axle allowing for grease access without removing wheels</li> <li>➤ Larger, triple sealed outer bearings</li> <li>➤ Optional HD axles</li> <li>➤ Optional spill proof Optima AGM battery</li> </ul>	<p><b>Key Features</b></p> <ul style="list-style-type: none"> <li>➤ 31hp Electronically Fuel Injected Kohler, liquid cooled engine.</li> <li>➤ Full length skid plate</li> <li>➤ 25" Argo Tires</li> <li>➤ Trailer Hitch</li> </ul> <p><b>New 2010 Features</b></p> <ul style="list-style-type: none"> <li>➤ New headlight bezel to reduce chance of headlight becoming dislodged</li> <li>➤ Sealed dashboard switches (headlight, bilge, fog lights...)</li> <li>➤ Tachometer function added to digital gauge pack</li> <li>➤ Drilled rim and axle allowing for grease access without removing wheels</li> <li>➤ Larger, triple sealed outer bearings</li> <li>➤ Optional HD axles</li> <li>➤ Optional spill proof Optima AGM battery</li> </ul>
<b>8x8 750 HDi</b>	
<ul style="list-style-type: none"> <li>➤ 31hp Electronically Fuel Injected Kohler, liquid cooled engine.</li> <li>➤ Full length skid plate</li> <li>➤ 25" Argo Tires</li> <li>➤ Trailer Hitch</li> <li>➤ Enhanced performance and handling, improved fit and finish and reduced maintenance time and cost.</li> <li>➤ Admiral Transmission – 20% more efficient than the current Avenger-style transmission and up to 50% more efficient than hydrostatic drive systems.</li> <li>➤ Direct drive output shafts mean no idler shaft sprockets or idler shaft chains resulting in reduced maintenance, noise and heat.</li> <li>➤ Admiral transmission eliminates need for power pack frame – transmission and engine are bolted directly to main frame. This design allows the transmission to be mounted 3 inches lower for a lower center of gravity.</li> <li>➤ Larger, triple sealed outer bearings.</li> <li>➤ Heavy Duty front and rear axles.</li> <li>➤ Hydraulic hand brake that operates separately from steering brakes.</li> <li>➤ Admiral transmission produces less brake heat. The brake cooling duct and blower are no longer required.</li> <li>➤ Dash inserts house the new sealed switches. There are positions for 3 switches to the right of the handlebar and 4 positions to the left of the handlebar.</li> <li>➤ Newly designed floorpans and firewall made from TPO plastic to reduce shrinkage and warping. Firewall has fastening bolts to provide better fit and finish. New design also increases leg room.</li> <li>➤ Optional spill proof Optima AGM battery</li> </ul>
